• **Volunteers for Israel** was founded in 1982 during the war with Lebanon. More than 600 Americans answered the call from General Aharon Davidi to help harvest crops in Israel while the workers were fighting for Israel.

• That same volunteer spirit exists today as we help Israel shoulder her defense burden, show her we care – and have fun and an adventure while doing it.
The MISSION of Volunteers for Israel is to connect Americans ages 17+ to Israel through volunteer service and to promote solidarity and goodwill among Israelis, American Jews, and other friends of Israel.

You work on an IDF base performing non-combat, civilian support tasks alongside soldiers, base employees, and other volunteers from around the world. And make lifelong friends.
• VFI volunteers…
  • Help maintain the readiness of the IDF to defend Israel
  • Allow the IDF to allocate more of its scarce financial and manpower resources to essential military tasks
  • Serve as informal ambassadors for Israel
  • Boost morale within the IDF

“I will always remember the bonds created with the soldiers and other volunteers. Despite cultural differences, everyone got along and had a great time. Yes, the labor is hard, but you truly appreciate the mitzvah you are doing, and your love for Israel deepens.” — Elie Klien, New Jersey

“Living and working on an army base and interacting with the soldiers made me feel part of something bigger. I would recommend this program to anyone who wants to experience Israel in a non-traditional way, meet fascinating people, and help protect the State of Israel.”

- Erin Spiegel, California
